

A Special Limited Signed Edition of

# A Photographic Journey of the James River Park System

by Bill Draper

has been purchased in your honor.  
All proceeds benefit the Park.

Bill Draper, runner, photographer and park enthusiast has put together for you, a spectacular 87-page compendium of 189 full color images of the trails, wildlife and vistas of the 600-acre James River Park System--from Huguenot Flatwater to Pony Pasture, Belle Isle and Ancarrow's Landing.

This year, Richmond area residents and visitors relied on the James River Park System, more than ever, for much needed recreation and respite from virtual education and work and social isolation associated with the COVID pandemic. By year's end the Park will have welcomed more than 2 million visitors-- more than ever before-- making it the most visited attraction in the region. ALL of the proceeds from this book will be donated to Friends of the James River Park (FOJRP) for the purpose of maintaining, conserving, protecting, expanding and enhancing our beloved "wilderness in the heart of our city".

We hope you enjoy this book as a reminder of what brings us together and in support of this treasure that gives you and everyone in the Richmond region so much joy. For more information about the book, the Park, and FOJRP, go to [jamesriverpark.org](http://jamesriverpark.org).
